

Form ADV Part 3: *Relationship Summary* Hiley Hunt Wealth Management, Inc.

Introduction

Hiley Hunt Wealth Management, Inc. (“HHWM” or “we”) is an investment adviser registered with the U.S. Securities and Exchange Commission. We offer our clients investment advisory services. Clients should understand that the services we provide and fees we charge are different than those of a broker-dealer, and that it is important to understand the difference between the two. Free and simple tools are available to research firms and financial professional at <https://www.investor.gov/CRS>, which also provides educational materials about investment advisers, broker-dealers and investing.

What Investment Services and Advice Can You Provide Me?

Description of Services: We offer investment advisory services to retail investors. Our investment advisory services include: Asset Management Services and Financial Planning and Consulting Services.

Asset Management Services: HHWM provides asset management services which involves us managing and trading your designated account(s). HHWM will discuss your investment goals and design a strategy to try and achieve your investment goals. HHWM will continuously monitor your account when providing asset management services and contact you at least annually to discuss your portfolio. For more information please see **Item 4 of our Form ADV Part 2A**. When providing asset management services you can choose whether you'd like us to provide services on a **discretionary** basis (we will have the authority to determine the type and amount of securities to be bought or sold in your account) or a **non-discretionary basis** (we will have to confirm any trades in your account with you before we place them). For more information please see **Item 16 of our Form ADV Part 2A**.

Financial Planning & Consulting Services: We also provide financial planning and consulting services. Financial planning services involve us creating a written financial plan for you which covers mutually agreed upon topics. Financial consulting is used when a written financial plan is not needed. It involves one time and/or ongoing meetings to discuss your financial situation. Please see **Item 4 of our Form ADV Part 2A**.

Retirement Plan Participant Advice: If your retirement plan utilizes our Retirement Plan Participant Advice Service, we are available at your request to provide one-on-one advice to you as a retirement plan participant regarding your investment options under the plan. Please see **Item 4 of our Form ADV Part 2A**.

Limited Investment Offerings: We do not primarily recommend one type of security to clients. Instead, we recommend any product that may be suitable for each client relative to that client's specific circumstances and needs. However, we are limited in investment selection in that we can only invest your account in securities which are available on your custodian/broker-dealer's platform. When providing you services, we do not recommend or offer advice on any proprietary products.

Account & Fee Minimums: There are no minimum investment amounts or conditions required for establishing an account managed by HHWM. The minimum fee generally charged for financial planning and consulting services provided on an hourly basis is \$200.

Conversation Starters: *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

What Fees Will I Pay?

Description of Principal Fees & Costs: Fees charged for our asset management services are charged based on a percentage of assets under management, billed in advance on a quarterly calendar basis, and calculated based on the fair market value of your account as of the last business day of the previous billing period. The annual fee for asset management services will be based upon a fee schedule which ranges between 0.70% and 1.00%. Because our fee is based upon the value of your account we have an incentive to recommend that you increase the level of assets in your account. For more information about the fees we will charge you please see **Item 5 of our Form ADV Part 2A**. When engaging us for asset management services you will also incur other fees and expenses. The broker-dealer/custodian on your account will charge you transaction fees for executing trades in your account. You may also be charged management fees by the funds we invest in, within your account. For more details on the other fees and expenses you may incur please see **Item 5 of our Form ADV Part 2A**.

Financial planning and consulting services are provided under an hourly fee arrangement. An hourly fee of \$200 per hour is charged by HHWM for financial planning and consulting services under this arrangement. You will pay in advance a mutually

agreed upon retainer that will be available for HHWM to bill hourly fees against for our financial planning services We will bill our financial planning fees to you on a monthly basis.

Any fees we charge for financial planning and consulting services will not cover the costs associated with implementing any recommendations we may make. For more information please see **Item 5 of our Form ADV Part 2A**.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What Are Your Legal Obligations to Me When Acting as My Investment Adviser? How Else Does Your Firm Make Money and What Conflicts of Interest Do You Have?

Standard of Conduct: When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you.

To the extent we recommend you roll over your account from a current retirement plan to an individual retirement account (“IRA”) managed by us and subject to our asset-based investment advisory fees, this is a conflict of interest because we have a financial incentive to recommend that you move your IRA to us even if it is not in your best interest. For more information about this conflict and our procedures to mitigate the conflict, see **Item 4 of our Form ADV Part 2A**. When we provide asset management services, we will ask that you establish an account with TD Ameritrade to maintain custody of your assets and to effect trades for your account. Our recommendation to use TD Ameritrade is not based solely on your interest of receiving the best execution possible. We also recommend TD Ameritrade because they provide us with research, products and tools that help us manage and further develop our business operations. As a result, we do not have to pay for such benefits, which save us money; however, these arrangements create a conflict of interest. See **Item 12 of our Form ADV Part 2A** for more information about our arrangements with TD Ameritrade. We actively manage our own personal accounts while at the same time managing your accounts and other client accounts. This creates different conflicts of interest for which we have developed procedures to mitigate and control for those conflicts. For more information see **Item 11 of our Form ADV Part 2A**.

Additional Information: For more information about our conflicts of interests and the ways we are compensated please see **Item 5 and Item 10 of our Form ADV Part 2A**.

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*

How Do Your Financial Professionals Make Money?

Description of Salary/Payment of Investment Adviser Representatives: We compensate our investment adviser representatives based on the level of assets that they bring in to HHWM. This creates a conflict of interest as it gives your representative an incentive to recommend you invest more in your account with us due to the potential for increased payments.

Do You or Your Financial Professionals Have Legal or Disciplinary History?

Neither us, nor our investment adviser representatives have a legal or disciplinary history to report. You can look up more information about us and our investment adviser representatives at <https://www.investor.gov/CRS>.

Conversation Starter: *As a financial professional, do you have any disciplinary history? For what type of conduct?*
